¹SBA has indicated that certain Second Draw PPP Loan customers might not be required to provide documentation to substantiate payroll costs if (1) the borrower used calendar year 2019 figures to determine its First Draw PPP Loan amount, (2) the borrower used calendar year 2019 figures to determine its Second Draw PPP Loan amount (instead of calendar year 2020), and (3) the lender is the same for both the First Draw and Second Draw PPP Loans. However, SBA's guidance regarding required payroll documentation evolved throughout the First Draw PPP Loan process. z Bank is required to review a borrower's Second Draw PPP Loan payroll calculation and documentation and, if necessary, request additional supporting documentation before approving the loan. To ensure the smoothest and most expedient process for customers, Regent Bank will require Second Draw PPP Loan Customers to provide all documentation listed here even if they meet the three criteria previously mentioned.
